# UNESCO Chair in Responsible Global Management (RGM)

UNESCO Chair for Higher Education, Research, and Innovation in Responsible Global Management (HERI-RGM)
Chaire UNESCO pour l'Enseignement Supérieur, la Recherche et l'Innovation en Gestion Globale Responsable (ESRI-GGR)
UNESCO-Lehrstuhl für Hochschulbildung, Forschung und Innovation im Bereich des verantwortungsvollen globalen Managements (HBFI-VGM)

## Why

#### International dialogue and collaboration are at the heart of responsible global management

We live in a highly complex world. The climate emergency, the multiple crises (health, energy, etc.), the conflicts between countries and the decline of multilateralism hinder the path towards the achievement of the goals set in the Agendas 2030 (UN) and 2063 (AU).

This situation not only makes us aware of our interdependence on a global scale and of the indispensable solidarity, but also of our responsibility at all levels: individual and collective, private, and public. Responsible global management aims to contribute to improving the quality of life on and for the planet.

Education and the development of new knowledge in this field play a decisive role in jointly shaping a more sustainable future on a global level. The UNESCO Chair in Responsible Global Management is intended to drive forward decisive findings in this regard.

## **Context and Definition**

A UNESCO Chair is an international network of higher education institutions that partners with UNESCO to promote scientific knowledge and practical skills in thematic areas of global importance.

The UNESCO Chair for Responsible Global Management is in line with the strategic thematic areas of BFH and the Swiss foreign policy - in particular the "MENA" and "Sub-Saharan Africa" strategies.

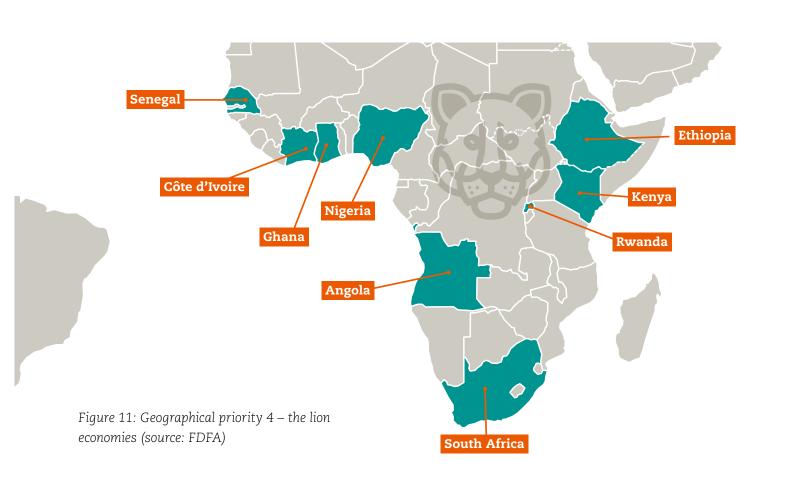

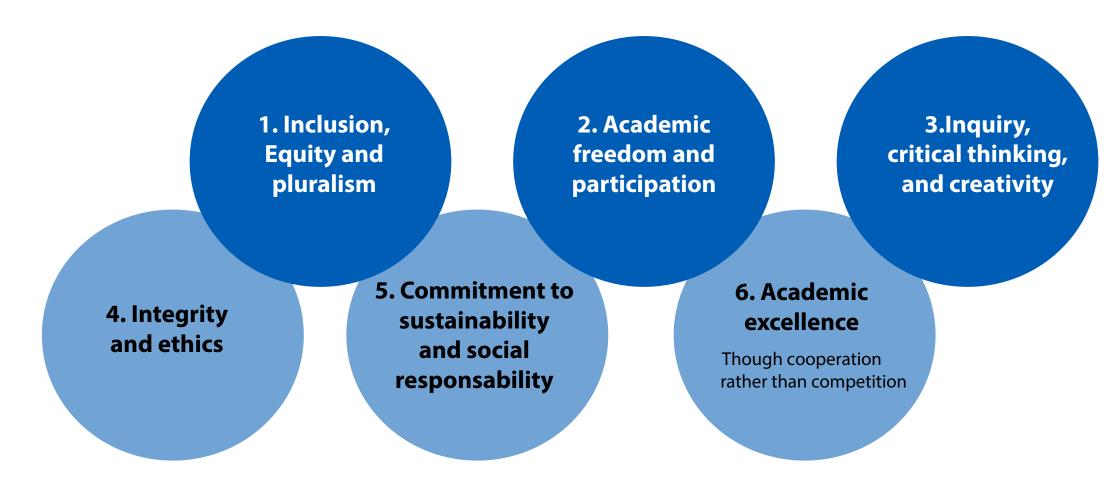

#### The activities and projects of the new Chair are aligned with the two following UNESCO initiatives:

- -Roadmap "Beyond Limits: New ways to reinvent higher education"
- -"Priority Africa Flagship Programmes and Actions. The Operational Strategy for Priority Africa 2022-2029. Flagship Program 1: Campus Africa"
